

NEW SURGICAL INVENTION . . . L. W. Hazelbaker, 24683 Woodward ave., is pictured above with his remarkable surgical invention, which has been used successfully by surgeons in a Long Beach hospital and examined enthusiastically by doctors in Stellers hospital in Wilmington. The instrument is said to cut the time of most abdominal operations by nearly one-half and greatly decreases the length of incisions. It also has been demonstrated in Torrance Memorial hospital, where it was acclaimed, Hazelbaker reported. Simplicity in seamless design and the absence of nuts and bolts to secure the retractor and retainer hands, marks Hazelbaker's Welton Ring Tractor a boon to medical science, doctors declare. Gary Bechtold Celebrates Fifth Birthday

The fifth birthday of Gary Bechtold was fittingly celebrated Wednesday when his mother, Mrs. Robert Bechtold, invited a few of his young friends and their mothers for a party. The children played games in the house and then retired to the backyard where they enjoyed the fun of a slide and other outdoor activities. Returning inside they found a gaily decorated birthday cake for the honoree and individual small cakes, all bearing lighted candles which were served from a table resplendent in party favors and attractive cloth and napkins. While Gary blew the candles out on his large cake, each child had a candle on his individual small cake to blow out and these were served with ice cream to complete a happy afternoon. The guest group included Diane and Ronnie Omohundro, Bobby Bloomer, Duane and Gordon King, Jimmy Proctor, Vicky and Robert LeBlanc, the honoree Gary and his sister Jeannine, Misses James Proctor, Claude Omohundro, Stanley Booth, W. Nilsson, A. Price, Gary's grandmother, all of Lomita; John King, San Pedro; Genevieve LeBlanc and T. Whitman of Compton, and May Swain of Los Angeles.

Miss Mayer was the recipient of many lovely gifts and places at the table were marked for Messrs. and Mmes. Herb Jacobs, George Paltridge, Pat Taylor, Elmer Brock, J. G. Lotgering, Milke Pietrantonio, Pat Huffine; Clyde Butt, the Misses Lois Cessna, Elaine Rosser, Tillie and Margaret Trujillo, Mrs. Viola Clark, Mrs. Virginia Madeen, Mrs. I. G. Mayer and Miss Mayer.

The Beginning of a Friendship

THIS week we are laying a cornerstone here in Torrance . . . the cornerstone of what we know will be an enduring friendship between the people of this community and the American Radiator & Standard Sanitary Corporation.

For we dedicated our new Torrance plant on Tuesday, a plant for the manufacture of genuine vitreous china plumbing fixtures. We sincerely feel, however, that we were doing more than dedicating a factory.

A new factory means new jobs . . . and a mutual dependence on each other for its continued success.

We feel sure that, with the help of Torrance workers and quality products, we can both achieve a prosperity that will mean better business for the whole community. **American Radiator & Standard Sanitary Corporation, P. O. Box 1226, Pittsburgh 30, Pa.**

At times, there may be a delay before you get the operator. That's because never before have so many people made so many telephone calls.

New equipment to care for record volumes of telephone traffic—and to provide service for all waiting applicants, too—is being made and installed as rapidly as possible.

Meanwhile, our operators are doing all they can to provide the prompt, courteous service you have been accustomed to. *Thank you.*

3 out of 5 "Information" requests . . . are for telephone numbers already listed in the directory. Supplying numbers not yet published is, in itself, a big job. So, to help us speed necessary "Information" service, please refer to your directory before calling "Information."
